

SPECIAL ANNOUNCEMENT

Miami, Fl. September 21, 2009

Raltron Electronics Corp., Miami FL, wholly owned subsidiary of Rami Technology Group, Hong Kong, China, announced today, the appointment of Future Electronics, Inc., Montreal, Canada as a worldwide distributor for its line of frequency management products.

Sasha Wolloch, Raltron President, in making this announcement, stated, "We are most pleased to welcome Future into our Raltron family. Their global presence will be a key factor in broadening our own market base as we strive to strengthen our level of product exposure throughout the world."

Future Electronics, Inc.'s stated mission is to provide an exemplary standard of quality service through superior product marketing, outstanding technical support, worldwide presence and the most reliable distribution operating systems.

Raltron, founded in 1983, offers one of the industry's broadest range of frequency management products: crystal resonators, clock oscillators, VCXO, TCXO, OCXO, VCO and Clock Synchronization board level products. Its state of the art manufacturing facilities are located in Miami, Fl and Suzhou, China. Raltron is at the forefront of innovation in both the areas of mass manufactured crystals and oscillators, as well as, high end precision oscillators and systems.
