## Raltron Expands RF Cable Assembly Product Offering

MIAMI – October 30, 2019 -- Raltron, a global leader in high performance frequency management products, has expanded its RF cable assembly product offering to serve a wide range of RF applications and wireless use cases like IoT. The RF cable assembly product offering complements Raltron's RF connector, adapter and attenuators product lines. The expanded product offering can be reviewed in the new short form catalog found here: [http://www.raltron.com/webproducts/catalogs/CABLE\\_ASSEMBLIES\\_SHORT\\_FORM\\_CATALOG.pdf](http://www.raltron.com/webproducts/catalogs/CABLE_ASSEMBLIES_SHORT_FORM_CATALOG.pdf)

Raltron's RF cable assembly offering now includes several series of flexible low loss coaxial cable assemblies, including TNC, Type N, BNC, MMCX, MCX, SMA, SMC, Type F, IPEX, FME and SMB, all with a frequency range from DC to 6 GHz. Raltron also provides a DIM flexible low loss cable assembly that operates up to 14 GHz. Additionally, Raltron offers Fakra, overmolded and customized RF cable assemblies, such as corrugated, high-performance, high-performance microwave and nickel-plated PAL cable assemblies.

Raltron also provides a wide variety of RF connectors, including MCX and MMCX straight jack connectors for PCB receptacles. They also offer SMP, BNC, TNC, Mini UHF, SMA, SMC and SMB RF connectors. All of these connectors operate over a range of working voltages and frequencies (from 0 to 26.5 GHz).

Raltron's new series of adapters, including male-to-female, female-to-male, male-to-male, female-to-female and plug-to-jack, accommodate almost any application. In addition, Raltron provides a series of attenuators, SMA male to SMA female, which offer nominal attenuations of 1, 6 and 40 dB, over a frequency range from 0 to 6 GHz and a temperature range from -40°C to +85°C.

## About Raltron

Founded in 1983, Raltron is a privately held ISO-9001:2015 certified company that offers the most comprehensive line of frequency management devices in the industry. Raltron develops, manufactures, markets and sells worldwide products including timing crystals, crystal oscillators, VCO's, VCXOs, TCXOs, OCXOs, filters, ceramic resonators and a variety of WiFi and wireless antennas, cables and connectors. Raltron is dedicated to continuous growth through investing in its traditional markets like automotive, consumer, industrial and medical, as well as new markets including IoT, M2M and smart metering. Its products are marketed through a worldwide network of independently owned representatives and franchised distributors.
