Raltron Expands France and Benelux Sales Network with Redtree Solutions

MIAMI – September 21, 2020 – Raltron Electronics, a global leader in high performance frequency management components and antenna products, is pleased to announce the appointment of Redtree Solutions as its new manufacturer’s sales representative for France and Benelux (Belgium, Netherlands and Luxemburg). Redtree will support Raltron’s entire product line including crystals, oscillators, VCXO, TCXO, OCXO, VCO, LTCC filters, antennas, and RF cable assemblies.

One of the largest professional sales organizations in Europe, Redtree Solutions provides local technical, design and engineering services to better support customers. Offering a broad range of standard, custom and next-generation technologies, Redtree Solutions’ dynamic application team is devoted to identifying and delivering the optimum solution for any electronic design.

“With the continuous development of leading-edge crystal and oscillator devices, Raltron offers the most comprehensive line of frequency management products in the industry,” said Jean-Marie Houillon, VP Marketing at Redtree Solutions.

“We are excited to bring innovative solutions from Raltron that solve design problems to our customers in France and Benelux.”

“Much like Raltron, Redtree Solutions has core competencies centered around innovative solutions and engineering support. With a unique technical support

and expertise center, Redtree Solutions gives customers confidence in their product design and development decisions,” said Sasha Wolloch, President of Raltron Electronics. We look forward to building a strong relationship with Redtree Solutions to expand our customer impact in France and Benelux.”
