

Product Change Notice

PCN Number: 2106

Part Number: RSTX CHANGE IN TCXO ASIC

Customer: ALL

Customer Part Number: -----

Customer P.O. Number: -----

Originator: John D. Ivens

Date: 11 Mar. 2021

Reason for Change:

Current TCXO/VCTCXO ASIC has become obsolete. Raltron has implemented a new ASIC solution for TCXO's in this performance category.

Description of Change:

Raltron 7x5mm TCXO and VCTCXO with tight stability will have the obsolete TCXO/VCTCXO ASIC replaced with a new ASIC solution. Design and process will be optimized for this new ASIC.

Comment(s):

Change in ASIC will not effect the TCXO or VCTCXO Form, Fit, and Function. Mounting, Wire Bonding, Assembly, and Programming will be optimized for the new ASIC.

DATE OF CHANGE: 11 Mar. 2021

CUSTOMER NOTIFICATION REQUIRED: Yes No

CUSTOMER APPROVAL REQUIRED: Yes No

DATE OF CUSTOMER NOTIFICATION: 11 Mar. 2021

Raltron Approval
